

August 26, 2020

Dear Parents & Caregivers,

As we usher in an unconventional year at LCS, we are comforted by the fact that our community is strong and resilient. Thus, as your PTO board, we are steadfast in our commitment to provide essential connection and enhancement, and like every year in the past, provide the same level of support you have come to expect from the LCS PTO.

We connect our students, families and staff to create the strong, family-like community that makes LCS a unique place. We've spent the summer strategizing outside-the-box enrichment and community event programming that reflect both our high standards and fit within our new learning models. Now more than ever, it is vital to create a sense of community and belonging for our children. None of us has ever been "here" before, and it will take all of us working together to help our community thrive. We welcome your input and time. There will be various volunteer opportunities throughout the year, but for now, please help us kick-off 20/21 and volunteer for a committee <https://www.libertycornerpto.org/volunteer-opportunities/> and learn more about assisting as a homeroom parent <https://www.libertycornerpto.org/room-parent-information-2020-2021/>

The PTO works to enhance the academic, social and physical environment for our students. Our district provides the education and staff needed to keep our students learning and engaged. We, as a collective of parents and caregivers, can give our students more. It is in this spirit that the PTO, with the partnership of the administration, will be seeking BOE approval to create an additional play space for our children on the back field. Let us all look to the future - when we will all truly be together once again - and focus on raising funds to update and enhance our playground. When available, we will share more details, but we are certain this is a project our children will be excited about (just ask them!), and that we can count on your support to make this vision a reality.

None of this is possible without the support of our families and staff. Your PTO membership provides the essential funds for enrichment programs, additional teacher supplies and resources, and large scale projects. But even more, PTO membership gives your family a sense of belonging and contribution to the greater LCS community. We invite you to share in these benefits and as a thank-you, membership includes free access to our online AtoZ directory, photo gallery, direct email communications, and an opportunity to make a difference at LCS. Please join us as we support and care for our students and staff during these unprecedented times. Pledge your support now with a PTO membership donation through the atoz directory: <https://atozconnect.com/>

LCS ♥ PTO

In addition, the PTO also welcomes sponsorships from within our community. Consider joining our program which not only directly supports PTO initiatives, but boosts the visibility of your business. Individuals or families may also become sponsors: www.libertycornerpto.org/2020-21-lcs-partnership-opportunities/

In all of the uncertainty they face each day, it is comforting for our children to know that some things - like the fun, supportive environment at LCS - will never change. We are lucky to live in such a caring and supportive community and we thank you in advance as we continue this tradition into the 2020-2021 academic year.

Thank you for your partnership,
The LCS PTO Board
